Why Buy the Appliance Protection Plan?

In the event that an appliance is not repairable or the repair is above the replacement value of the appliance, the Appliance Protection Plan provides money toward the purchase of a new one. There is a replacement allowance equal to **100% of the money paid in** on that appliance

to a maximum of \$400 for regular appliances (except refrigerators), \$600 on refrigerators and \$1,000 for furnaces and air conditioners. This means 100% of the coverage you pay on an item goes toward the eventual replacement of that same item!*
