■ COVERAGE REQUIREMENTS

1. All covered systems and appliances must be in normal operating condition at the time coverage takes effect. Conditions determined to have existed prior to the coverage period or systems and appliances that never functioned properly during the period of warranty coverage are pre-existing conditions and are not eligible for coverage under this agreement.
2. Agreement covers only repairs resulting from normal wear and tear associated with normal usage of covered items.
3. Purchase or registration of the plan implies consent to all agreement terms and conditions.
4. Coverage starts on the date of application, provided that fees are received within 15 business days, and continues for the number of years purchased.

■ COVERAGE

1. Agreement provides for repair (including parts and labor) or replacement on all items for which coverage has been purchased (subject to terms and limitations of this agreement).
2. Items for which parts or technical information are not available (other than non-readable or missing make, model or serial numbers) or items for which the repair exceeds replacement cost of the item will be deemed non-repairable. A customer whose mechanical system or appliance has been deemed non-repairable will be given the monies available in the Replacement Account. Items for which parts or technical information are not available due to non-readable or missing make, model and serial numbers will be assessed a repair estimate based on a comparable item.
3. The Replacement Account consists of 100% of the money paid in premium on a covered item, subject to a **maximum of \$400 for appliances (except refrigerators), \$600 for refrigerators and \$1,000 for furnaces, air-to-air heat pumps, or air conditioners.** Replacement Account monies shall be kept in the account until the covered item is deemed non-repairable. Replacement Account ceases to exist upon expiration of the contract. Items replaced using Replacement Account monies must have coverage continued after replacement for a minimum of one year.
4. Home Warranty may (at its own discretion) allow homeowner to forgo repair and apply an amount up to what the repair would have cost to the replacement of an item instead, but allowance will never exceed Home Warranty's estimate of remaining cost of repair, regardless of age or condition of the item.
5. **Home Warranty has sole discretion to choose service personnel and will not reimburse for work performed without its prior approval or by service personnel contacted directly by the customer unless directed to do so by Home Warranty.**
6. All requests for service not answered immediately will be acknowledged with a return phone call within 4 hours during normal working hours and 48 hours on weekends and holidays. Agreement allows for homeowner to contact service company and schedule service during normal business hours. Agreement holders may elect to have off hours or expedited service performed at their own discretion but will be responsible for any additional fees associated with expediting service. Home Warranty reserves the right to obtain a second opinion at Home Warranty's expense.
7. Home Warranty reserves the sole right to determine whether a covered system or appliance will be repaired or replaced and reserves the sole right to limit the amount paid on any individual repair or replacement.
8. If a property has multiple mechanical systems or appliances that require the purchase of additional coverage in order to be covered and additional coverage is not purchased, Home Warranty will limit coverage to the appliance specified in the application.
9. Home Warranty reserves the right to have the repair or replacement performed with after-market, off-brand, used, remanufactured, or reconditioned parts.
10. Notice of any malfunction must be given to Home Warranty prior to agreement expiration and approved work must be completed within six months of agreement expiration.
11. Unless a part of item is specifically listed under the "Covered" section, the item or part is not covered.
