COVERAGE REQUIREMENTS

1. All covered systems and appliances must be in normal operating condition at the time coverage takes effect. Conditions determined to have existed prior to the coverage period or systems and appliances that never functioned properly during the period of warranty coverage are pre-existing conditions and are not eligible for coverage under this agreement unless the terms of the UNKNOWN Pre-Existing Conditions coverage are met.

2. Agreement covers only repairs resulting from normal wear and tear associated with normal usage of covered items.

3. Purchase or registration of the plan implies consent to all agreement terms and conditions.

Seller: Coverage starts on date of sign up and continues for a period of 180 days, until the close of sale, or cancellation/expiration of listing or coverage (whichever occurs first). We may (at its own discretion) extend the listing coverage period or allow for the purchase of additional listing coverage in the event the close of sale does not occur during the original 180-day period. Extra seller coverages are only available at the time of initial listing and may not be changed later. If fees are not received within 15 days of the start of the coverage, extra coverages will be removed from coverage and may not be added at a later time. Extra items coverages that are part of the agreement during the listing period must also be part of the final agreement. Coverage for Heating, Air, and Water Heater will be provided to the seller upon satisfactory inspection (with Our approved forms) by a professional heating and cooling contractor (or upon payment of optional fees if no inspection is conducted).

Buyer: Coverage starts on the date of closing and continues for 14 months unless multiple year coverage is purchased. Initial payment for the warranty must be received by Us not more than 15 days after closing. If payment is later than 15 days, the warranty will commence on the day that payment is received. Coverage purchased outside of closing starts on the day payment is received. Arrangements for monthly payments over the annual term may be available with coverage commencing 30 days after payment is received. Remaining annual purchase price payments may be deducted from service reimbursements. Coverage for optional items added after the initial order period will have a 30-day waiting period before claims may be filed on those optional items.

COVERAGE

1. Agreement provides for repair (including parts and labor) or replacement on all items for which coverage has been purchased (subject to terms and limitations of this agreement), less a **\$75 service fee** per incident or actual cost of service, whichever is less, payable to the company providing service. "Per incident" is defined as a single failure occurring within a single unit or location, requiring a single repair. In the event that the repair is not covered by Us, the customer is responsible for the full cost of the service call. Failure to pay the service fee or any amount due to the servicer from You will result in suspension of warranty coverage until fee is paid, at which time coverage will then be reinstated with no extension of the original coverage period. In the event a repair performed under this agreement fails within 30 days following the initial repair, agreement provides for a recall service call without an additional service fee. Service fee is subject to change without notice.

2. We will determine, at its sole discretion, whether a covered system or appliance will be repaired or replaced. When replacing any appliance, We will not pay for any failures that do not contribute to the appliance's primary function including but not limited to wireless capability, television or radios built into appliances. We will replace with equipment of similar efficiency and capacity but is not responsible for matching brand, dimensions, colors or features non-essential to the core function of the item.

In some instances, We may provide cash in lieu of repair or replacement services. This amount is based on what We would expect to pay (which may be less than retail cost) for parts and labor for covered items less the incurred cost of the contractor's diagnosis. Items for which parts or technical information are not available due to government mandated restrictions, parts availability, non-readable or missing make, model or serial numbers will be assessed a repair estimate based on a comparable repair.

3. We have sole discretion to choose service personnel and will not reimburse for work performed without its prior approval or by service personnel contacted directly by the customer unless directed to do so by Us except in the case of emergency repairs described below.

4. All requests for service not answered immediately will be acknowledged with a return phone call within 4 hours during normal working hours and 48 hours on weekends and holidays. Agreement allows You to contact service company and schedule service during normal business hours. You may elect to have after hours service performed at their own discretion but will be responsible for any additional fees associated with expediting the service. We reserve the right to obtain a second opinion. In the event of an after hours emergency, to obtain service please call toll-free 24/7/365 at (877)977-4949 and remain on the line.

5. If a property has multiple mechanical systems or appliances that require the purchase of additional coverage in order to be covered and additional coverage is not purchased, We reserve the right to determine which mechanical systems and/or appliances are the ones primarily used and covered by this agreement. In most cases, the system that services the main living area or the largest system will be considered primary.

6. We reserve the right to have the repair or replacement performed with aftermarket, off-brand, used, remanufactured, or reconditioned parts.

7. Notice of any malfunction must be given to Us prior to agreement expiration with the initial service call made within 30 days and all approved work must be completed within 6 months of agreement expiration.

8. Unless a part or item is specifically listed under the "COVERED" section for the particular item below, the item or part is not covered.

UNKNOWN PRE-EXISTING CONDITIONS

Available to the buyer at no extra cost upon submitting a satisfactory inspection by a qualified home inspector to Us by the closing date. Bank-owned, REO, foreclosed properties or properties where utilities

have been turned off or appliances unplugged are not eligible for this coverage. Failures due to rust or corrosion are not covered for the first 30 days after Agreement inception. Undetectable pre-existing conditions are conditions for which defect or mechanical failure could not have been detected by a visual inspection or simple mechanical test. A visual inspection of the covered item verifies that it appears structurally intact and without damage or missing parts that would indicate inoperability. A simple mechanical test is defined as turning the item on and off, running through a complete cycle to ensure it is operational. While turned on, the item should operate without causing damage, irregular sounds or smells, smoke, water leakage or other abnormal outcomes. Items that are found to have pre-existing deficiencies from either a visual or mechanical inspection will need to be repaired and proof of repair submitted to Us before that item will be covered.
